We believe this policy should be viewed in **conjunction** with the following policies:

- Keeping Children Safe in Education 2024
- Safeguarding and Child Protection Policy

The Spire Learning Trust Directors and Local Governing Bodies of each school within the Trust ensures there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare.' (Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2024)

We are committed to safeguarding and promoting the welfare of all children and we take account of the information contained in the DfE documents 'Working Together to Safeguard Children' (December 2023) and 'Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2024)' as the safety and protection of children is of paramount importance to everyone in this school.

We believe that all children have the right to be safe in our society. Therefore, we recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school staff, training for school staff and with working with parents.

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the prevent duty and we believe it is essential that school staff are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We understand that:

- **Extremism** is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs which also includes calling for the deaths of members of the armed forces.
- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
- **Terrorism** is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

(Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE))

We understand that there is no single way of identifying whether a child is likely to be susceptible to extremist ideology. However, there are some behavioural traits that could indicate a child has been exposed to radicalizing influences such as:

Outward appearance

- Becoming increasingly argumentative.
- Refusing to listen to different points of view.
- Unwilling to engage with students who are different.
- Becoming abusive to students who are different.
- Embracing conspiracy ideas.
- Feeling persecuted.
- Feelings of grievance and injustice of feeling under threat
- Changing friends and appearance.
- Distancing themselves from old friends.
- No longer doing things they used to enjoy and displaying abnormal routines
- Converting to a new religion.
- Being secretive and reluctant to discuss their whereabouts.
- Sympathetic to extremist ideologies and groups.
-

A need for identity, meaning and belonging

- A desire for status, excitement and adventure
- A need to dominate and control others
- A relevant mental health issue

'Them and Us' thinking

- Questioning faith or identity
 - Disclosures of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups, especially where students have not actively sought these out

In addition, staff may notice or be aware of:

- Family or friends of the pupil being involved in extremism
- Graffiti symbols, writing or artwork promoting extremist messages or images
- Pupils accessing extremist material online, including through social networking sites
- Parental reports of changes in behaviour, friendship or actions and requests for assistance
- Local schools, Local Authority services, and police reports of issues affecting pupils in other schools or settings

We are aware of the Channel and Prevent Multi-Agency Panel (PMAP) which is a voluntary, confidential programme 'which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism' and it uses a 'multi-agency approach to protect vulnerable people by identifying individuals at risk; assessing the nature and extent of that risk; and developing the most appropriate support plan for the individuals concerned.'

Online behaviour

- Changing online identity.
- Having more than one online identity.
- Spending a lot of time online or on the phone.
- Accessing extremist online content.
- Joining or trying to join an extremist organization.
- Becoming secretive about online behaviour

The Channel programme uses a multi-agency approach to protect vulnerable people by:

- identifying individuals at risk
- assessing the nature and extent of that risk
- developing the most appropriate support plan for the individuals concerned

Each local authority is responsible for having Channel as one of their services to which anyone can make a referral including family members, and a wide range of services. Each referral is screened for suitability undertaken by the local authority and if deemed appropriate, further action will occur including communication and consent with the individual to initiate a Panel. The Panel will then decide what, if any, support is needed to protect the individual.

Referral to Prevent: <https://www.westmercia.police.uk/advice/advice-and-information/t/prevent/prevent/alpha/prevent-referral/>

We understand that it is our duty under the statutory guidance on the prevent duty to have in place a risk assessment, a working partnership with the Local Safeguarding Children Boards (LSCBs), training school staff and IT policies.

We have a duty to actively promote and embed British values such as 'democracy, the rule of law, individual liberty, mutual respect and tolerance of different faiths and beliefs' within this school and to challenge pupils, school staff or parents who express extremist views contrary to these values. We want to ensure pupils are prepared for life in modern Britain by the active promotion of and respect of British values.

We do not shy away from teaching British values as we believe that schools have a major role to play in upholding them in order to develop children's resilience against extremism and acts of terrorism.

We work hard to ensure British values are embedded across the whole curriculum and the school ethos through spiritual, moral, social and cultural lessons, citizenship and PSHE.

We can build pupils' resilience to radicalisation by providing a safe environment for debating controversial issues and helping them to understand how they can influence and participate in decision-making. We already promote the spiritual, moral, social and cultural development of pupils and, within this, fundamental British values. Promoting British values as part of SMSC in schools.

Personal, Social and Health Education (PSHE) is used to provide pupils with time to explore sensitive or controversial issues and equipping them with the knowledge and skills to understand and manage difficult situations. The subject is used to teach pupils to recognise and manage risk, make safer choices, and recognise when pressure from others threatens their personal safety and wellbeing. They can also develop effective ways of resisting pressures, including knowing when, where and how to get help. Schools can encourage pupils to develop positive character traits through PSHE, such as resilience, determination, self-esteem, and confidence.

For early years, the statutory framework for the Early Years Foundation Stage Framework sets standards for learning, development and care for children from 0-5, thereby assisting their personal, social and emotional development and understanding of the world. In addition, various guidelines/resources are available for the promotion of British values in early years: Action for Children, Pacey (Professional Association for Childcare and Early years).

We aim to be judged at least good in all school inspections by ensuring that we have in place arrangements to promote pupils' welfare and curriculum measures in place to prevent radicalisation and extremism.

We will refer any concerns we may have regarding individuals or groups of individuals who have or demonstrate extremist views to the relevant outside agencies as we feel that we have a duty to intervene at the earliest opportunity and to protect those concerned.

We will ensure that counter-radicalisation strategies will not prevent teachers discussing with their pupils controversial ideas and topics as we wish pupils to further develop their own critical thinking skills.

We wish to work closely with the school council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that are connected with this policy.

Aims

- To have in place a safeguarding and child protection policy and related policies that outline clear procedures to ensure that we meet our responsibilities for safeguarding and promoting the welfare of all children.

--	---
- the content of all training is correct, delivered well and engages staff as we believe that the more engaging training is, the better the outcomes that we need to measure;
- that we have in place data that evidences staff understanding by using a simple short multiple-choice test through one of the following applications such as Microsoft Forms

The headteacher, members of the senior leadership team, the school finance secretary and the nominated governor will receive training from an accredited training.

Reporting concerns

If a member of staff has a concern about a pupil, they will follow the school's normal safeguarding procedures, which initially is communication with the Designated Safeguarding Lead (DSL). Individual staff can, if appropriate, go directly to social services and the police (dial 101 non-emergency number), but the likely action would be that the DSL would assess the information and risk and, if deemed appropriate, take appropriate action.

Action may range from continued monitoring, communicating with relevant staff, family and even the pupil, and/or communicating with the police and instigating a referral to Channel. The assessment of the risk will to an extent dictate the actions and consultation between senior staff and DSL will occur.

If a referral is made to the police, the appropriate local procedure will be followed in terms of referral forms and subsequent communications which will then go forward to the Channel Panel.

All of this information will be recorded on the academy's safeguarding recording system, e.g. My Concern/CPOMS.

In addition, the Department for Education has dedicated a telephone helpline (020 7340 7264) to enable staff and governors to raise concerns relating to extremism directly.

Concerns can also be raised by email to counter.extremism@education.gsi.gov.uk.

We are committed to safeguarding and promoting the welfare of all children as the safety and protection of children is of paramount importance to everyone in this school. We work hard to create a culture of vigilance and at all times we will ensure what is best in the interests of all children.

We believe that all children have the right to be safe in our society. We recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school staff, training for school staff and with working with parents. We teach all our children about safeguarding.

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

Race Disparity Audit

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the nominated governor.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the governing body for further discussion and endorsement.
